

Amalendu S

ELECTRONICS AND BIOMEDICAL
ENGINEERING STUDENT

Biomedical engineering student
skilled in biomedical
instrumentation, data analysis, and
problem-solving, eager to
learn and contribute to healthcare
technology and patient
safety solutions.

• Alappuzha

EDUCATION

- 2023-2027** **Adi Shankara Institute of Engineering and Technology Kalady**
- Electronics and Biomedical Engineering
 - CGPA-7.55
- 2020-2022** **Vaduthala Jamath, Alappuzha**
- Bio-maths
 - Percentage -98.2
- 2021** **ST. Mar of Leuca, Alappuzha**
- Percentage-92.8

LANGUAGES

- Malayalam
- English
- Hindi
- Tamil

PROFESSIONAL SKILLS

- Basic of Python
- C+
- Microcontroller
- Canva
- Excel
- Ppt presentation

PERSONAL SKILLS

- Project Management
- Coordination
- Teamwork
- Networking
- Adaptability
- Effective Communication

INTERESTS

- Volunteering
- Travelling
- Listening
- Communicatio
- Music
- Designing

CURRENT POSITION

- NSS Energy Cell Unit Coordinator
- NSS Media team

PROJECT

Smart Shoes for Visually Impaired People

- Theoretical and Practical knowledge on working and handling of Arduino

Smart interactive therapy mat

- integration of physiotherapy and speech therapy in a gamified manner in a mobile app (in progress).

INTERSHIPS

Regional Cancer Centre(RCC), Trivandrum

- First hand exposure to complicated medical devices like Da Vinci robotic arm, LINAC system, etc.

Kinder Women's Hospital and Fertility Centre Private Limited

- Experience in neonatal care support and fertility procedures, including patient monitoring, newborn assessments, and reproductive health diagnostics

Sreekandapuram hospital, Mavelikkara, Alappuzha

- Hands on experiments and insights to medical instruments

EVENT COORDINATOR & VOLUNTEER

Control code (Esp32 and Raspberry pi) workshop

- Coordinated in inter-college workshop hosted by ASIET techfest - Ashwamedha'26.

Volunteered at Hospex 2025, Ernakulam

- Volunteered at Kerala's largest B2B medical & healthcare exhibition
- Insights and exposure to latest innovations in medical industry

Project Expo - Samagra 2.0

- Volunteered and coordinated in inter-college project expo hosted by IEDC (Innovation and Entrepreneurship Development Centre)

WORKSHOP & ADD-ON

Electronic Product Building (Workshop)

- Engaged in electronic product building and introduction to medical devices, thereby attaining technical knowledge and practical exposure.

Basic of Python

- By learning Prompt Engineering, I can attain skills in effective AI interaction and problem-solving.

Design thinking and Project development workshop

- Insights to industry oriented problem recognition, user-centric design, innovation strategies and real world project execution.
